Objective:
Subscribe to the CERT Advisory list, and practice using the on-line forum. Read the RISKS digest and start thinking about e-commerce security.

What to do:
1. Subscribe to the CERT® Advisory Mailing List. Print out the response from the mail server showing your successful subscription.
2. Post a test message to the "Test" forum on Course On-Line. Then, print out the "View Article" page showing your message.
3. Visit the RISKS site (http://catless.ncl.ac.uk/Risks) and read the issue of Jan.6 (Vol. 23, Issue 11). Write a short (1 page) reaction paper indicating which item you think is most significant from an e-commerce perspective and why.

What to turn in:
1. Print out and turn in the response from the CERT Advisory list server showing your subscription.
2. Print out and turn in your test message on the Test forum.
3. Submit your reaction paper to the COL web site.
